Makura Passengers at Quarantine Island.

Seventeen cabin, 9 second-class and 2 steerage passengers who came from Sydney, N. S. W., by the way of Auckland and Suva in the Canadian-Australian liner Makura are in quarantine at the Federal station, there to remain for seven days, awaiting the development of the suspicious case of illness brought to light on board the vessel following the visit of Drs. Trotter, Sinclair and other officials connected with the United States quarantine service.

A coal trimmer in the Makura was taken down with a malady that bears all the symptoms of plague. The man complained of illness the second day out from Suva. An examination was made by the local physicians on board the vessel when it was decided following a consultation that a bacteriological examination be carried out to more fully determine the nature of the disease.

The fireman was removed to the quarantine island hospital for treatment. Today his condition was somewhat improved.

The Makura continued the voyage to Vancouver and Victoria at five o'clock last evening after having been discharged of one hundred tons of coal storage cargo and general merchandise.

Captain Josephyn Goes To Sea Again. Verifying the predictions made freely during his stay at Honolulu Captain W. F. Josephyn has returned to his old love, the sea. In advice received at Honolulu some days ago by his old friends, Captain Josephyn states that he has accepted the position as master of the American Bark Pooling Suey which for many years engaged in the round-the-horn trade between New York and Honolulu. The Pooling Suey has been sold and Texas oil operators have secured the vessel and the familiar old windjammer has been converted into an oil tanker.

Captain Josephyn writes that he is making his first voyage from the east coast of the United States to the Gulf ports in the packet that for many trips brought mainland merchandise and carried full cargoes of sugar to Delaware Breakwater.

HARBOR NOTES

The Marana from Vancouver and Victoria this afternoon will be dispatched for the Colonies on or about ten o'clock.

According to advices received from the coast the Pacific Mail liner China from San Francisco is due to arrive at the port Friday morning and will receive a prompt dispatch for the Orient.

Flags at half mast at several points along the waterfront is not occasioned through the Democratic landslide. A thirty day period of mourning the death of Vice President Sherman still obtains.

With the departure of the transport Thomas and the Matson Navigation liner Wilhelmna shortly after 10 o'clock this morning, the waterfront presented a rather animated appearance despite the ravages of an election night.

"They may urge and foist the open ballot in convention, but the secret casting of votes at the polls yesterday did the trick," laughed one well-known shipman, who has the management and handling of a considerable force along the front.

"In the safe of the Interisland Steam Navigation Co. there has heaped a prognostication concerning the result of the election on the mainland, made by me last April," said Captain Campbell at the I. I. chandery this morning. "Ask John Lane just how I was out in my guess."

The inter-island steamer Claudine will depart for the regular Maui and Hawaii ports at 5 o'clock Friday evening, bearing passengers, freight and "news of blues" for the faithful Republican patriots on the valley isle.

Sailing from Honolulu on Oct. 11th the American schooner Annie Campbell arrived at San Pedro on Monday.

CHINESE SKIPS; MAY BE SHORT

G. Tai Chong Has Irregularities with Theater Co. and Savings Bank

G. Tai Chong, president of the Consolidated Amusement Company, a clerk in the First American Savings and Trust Company, heretofore a trusted employee of the institution, is believed to be a passenger in the Pacific Mail liner Siberia, enroute to Shanghai or Hongkong, it being alleged that he is short in his accounts with the savings bank in a sum bordering upon a thousand dollars.

Chong, who promoted the theatrical company made up of local Chinese who built the Liberty theater, is understood to be hastening eastward, his ticket having been purchased at the local agency through a fellow countryman.

When the Siberia sailed for Japan ports and China, shortly after five o'clock last Friday evening, one Chinese who is known to have been an intimate friend of the former theatrical man and bank employee was returned to shore in the pilot boat.

According to the story related by officials at the First American Savings Bank and Trust Company this morning, the first intimation that anything was wrong with the young Hawaiian-Chinese was brought to light through his absence from the bank. A telephone message from his home was received last Friday to the effect that the clerk was ill and would not be down to his desk on that date.

Saturday, inquiry was made from the home of the young man that Chong had gone to the other side of the island, but would be back ready for work on Monday morning.

When Monday arrived and the employee failed to appear, L. T. Peck, secretary and cashier, notified the police with a view of getting a line on the missing man.

Inquiry at the shipping offices and in immigration circles this morning developed the fact that it is generally understood that Chong was the passenger in the Siberia for whom a local Chinese purchased a second-class steamer passage to a China port, and who afterwards left the liner as she steamed off the port, in the boat containing the pilot.

"The Consolidated Amusement company has as far as we have been able to discover at this moment, lost little through the sudden disappearance of Chong," so stated J. A. Magoon, who but recently relinquished the management of the Honolulu Amusement company at the time of the merger with the newer company.

"Mr. Robert McGreer is the treasurer and general manager of the Consolidated Amusement company, and as such, since the consolidation of the two amusement enterprises, had the entire management of the enterprise as well as the sole handling of the receipts," Mr. McGreer also attends to the payment of all accounts, Chong in his capacity as president of the company affixed his signature to the checks.

"We propose to go over the books and accounts now that we have just learned of Chong's departure," admitted Mr. Magoon.

"We know of one item of a little less than one hundred dollars which is missing, and may be chargeable to the disappearance of the officer of the company," further stated Mr. Magoon.

"As far as any large sum is concerned, I am sure that we are not heavily involved by his leaving the city."

"C. T. Chong was a clerk in the First American Savings and Trust Company of Hawaii," said Cecil Brown, president of that institution, when asked about the matter this morning.

"He has disappeared. On Friday evening he left the bank, saying he wished to go home on account of the sickness of his child. As he did not return on Monday we made inquiries of his family, who reported that he himself had been taken sick."

"We are now engaged in a search for him. His accounts show some irregularities and his books are now being experted. No, I don't think he has got very deep into the bank. He was mixed up in some theatrical ventures, including the Liberty Theatre I believe."

"Chong has been with the bank for fourteen years—in fact is its oldest employee. He went into the First American Bank of Hawaii at its start, that being the predecessor of this institution."

GIRLS! GIRLS! SURELY TRY THIS!

DOUBLES BEAUTY OF YOUR HAIR

All You Need is a 25 cent Bottle of "Danderine"—Hair Gets Lustrous, Fluffy and Abundant At Once

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Easier beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.
